

Guilsborough Academy

Guilsborough Multi Academy Trust

22 January 2025

Dear Parent/Carer,

As you may have discovered at Parents' evening, the maths department will be putting on several revision sessions after school. These will take place on most Tuesday afternoons from now until their exams. There will be two sessions that happen on each day; one for students taking the higher tier paper, and one for students taking the foundation tier paper. Each student should only attend one session per afternoon. These sessions will last until 4:30pm and will primarily take place in the maths corridor. Should we need a larger venue, depending on the popularity of a session, we will move to another area of the school. Students will be told about this through their tutors and maths teachers.

You must use [this form](#) to enrol your child onto the revision sessions and by submitting the form you confirm that you have arranged a way for your child to return home.

The form will also detail the specific dates of each session and the topics being studied. Therefore, not all sessions may be relevant for all students. We have specifically chosen these topics as these are areas that many students are currently finding more difficult in exams.

We look forward to seeing our year 11 students at the revision sessions. However, should you need further help or guidance please do let me know.

Kind regards,

Miss L Heritage
