colour except
navy**

**NO branded
kit.**

What are the advantages to wearing a PE kit ?....

- Makes you identifiable to each other and the school thereby enhancing cohesion and teamwork, especially when representing the school at fixtures.**
- Psychologists have found that pupils wearing PE kits are more unified and react to challenges and commands together with each member striving to work harder for the group.**
- PE kits are also a great way of promoting a sense of equality among team players. Teams dressed in the same dress code override differences in social and economic class as opposed in a team where some members are dressed in more expensive clothes than others.**
- There are fewer distractions among members of a team dressed in PE kit because the kits are designed with function not fashion in mind. (Warmer, quick drying etc) Team members can concentrate on the tasks of the game easily.**
- The PE kit can be more affordable than individually buying branded sportswear.**
